

Grande Oaks At Heathrow

Gate Information Form

Please take the time to completely fill out this form including the barcode numbers. The numbers will be linked with your other information. When complete, return form to:

E-mail: information@bonomgmt.com

Phone: (407) 233-3560

Drive-Through Entrance Gates: We would like to make your access to the community as convenient and easy as possible. As you are probably aware, from time to time, the entry gates can malfunction due to electrical, mechanical or physical problems. Since time passes before a repairman can get to the site, you may be temporarily denied access to the property. In addition to your barcode, the drive-through entrance gate will be programmed to accept your personal four-digit entry code number. Please select your personal four-digit code and enter it on the form below. To open the gate, enter your four-digit number into the gate keypad (# before the four-digit code) and the gate will open. We ask that you please not select obvious codes such as 1234 and four identical digits. **If you choose to share your code with your guests or vendors, you will be held responsible for any individual using your code.**

Please make sure you keep a record of your four-digit entrance code. This code is for your personal use only. Visitors should use the directory at the gate that will call you on your phone for access. You can then press "9" on your telephone keypad to open the gate for your visitors. The system will not accept long distance telephone numbers. They must be local numbers. The system *may* accept local cell phone numbers but some are not compatible with the gate system. The gate system will not accept any type of digital line (Vontage, Voice Over IP).

Walk-Through Pedestrian Sidewalk Gates: For entrance through the sidewalk pedestrian gates, the codes are 145 or 415, depending on which gate is being accessed.
